ANOTHER WEEK.

Baptist Revival Will Continue
Until Next Sunday.

About Twenty Additions to Church
So Far and Increasing
Crowds.

Rev. Francis W. Taylor is proving to be one of the most popular and successful evangelists who has been in Hopkinsville for many years. His meeting of two weeks has resulted so far in about twenty additions to the church and the crowds continue to fill both rooms of the big Baptist church. From the very first Mr. Taylor has made a most favorable impression. He is earnest, eloquent and forceful in his delivery. His presence is magnetic and invites attention. His preaching is full of the love of God and the beauty of religion. He deals in no abuse, tells no jokes, attempts nothing sensational. As a preacher he pleases all who hear him and his sermons are doing much good.

The meeting will continue throughout this week and a series of special sermons will be preached by the evangelist, on "Heaven and How to Reach It."

The meeting is partaking largely of the nature of a union meeting, as ministers of the other churches are in frequent attendance and take part in the prayer services.

MR. T. S. BRYAN.

Death of One of The City's Oldest Citizens.

He Was Fatally Stricken and
Soon Passed to His
Reward.

Mr. Thos. S. Bryan, one of the oldest citizens in Hopkinsville, died Thursday in the 82d year of his age. He had been growing more feeble for several years, but was not seriously ill until a few days before his death. His daughter, Mrs. Gano Henry, with whom he lived, was engaged in moving into her new house, adjoining the old homestead, but before moving the furniture from her father's room, he was taken ill and grew so sick that he could not be moved and in three days he died in the old home where the greater part of his life had been spent.

Mr. Bryan was born in this county and was educated in the early schools of Hopkinsville.

About twenty years ago he went with one of his sons to St. Louis, but after three years returned to this city.

He was a member of the Christian church, in which he was always a prominent leader, until his health began to fail a few years ago.

He leaves three sons, Geo. V. Bryan, of Wyoming; John Bryan, of St. Louis, and Harry M. Bryan, of this city. Also one daughter, Mrs. Hattie Henry.

The funeral procession started from his residence on Seventeenth street at 10 o'clock Saturday morning, and brief services were held at the grave in Hopewell cemetery, by Eld. H. D. Smith. Prayer was offered by Rev. W. L. Nourse.

SISCO INDICTED.

Must Answer for the Murder of
Miss Bertha Williamson.

Marion, Ky., Nov. 20.—George Sisco was indicted today by the Crittenden county grand jury for the murder of Miss Bertha Williamson. The killing occurred three weeks ago, Miss Williamson being killed by a shot that was meant for her escort as she was on her way home from church. The assassin hid in the bushes by the roadside and fired at a distance of ten feet. Sisco was charged with the crime, the evidence against him being overwhelming. He was arrested and taken to the jail at Henderson for safe keeping, a mob being threatened.

TEDDY'S APPOINTEE

Of Color in the City as Revenue
Inspector.

The first colored revenue inspector who has visited this city for many years past came yesterday morning and during the day visited many places of business looking after the interest of the federal government. The inspector in question is named White and was appointed to the revenue service out of Louisville, where he practiced law as a profession before receiving the federal job. He appears to be about 45 years old and acted very gentlemanly in pushing his inspections around the places where governmental stamps are used, such as cigar factories, whiskey houses and other like places.

During the day the negro visited many of the places and made his inspections in a manner showing he is familiar with his business. Upon entering some of the places the proprietors were at first dubious as to his right to inspect the places, but upon producing his documents authorizing him to do so he was given full liberty of inspection.—Paducah Register.

GEN. WILLIAM BOOTH.

Chief of Salvation Army Now Visiting
the United States on a Tour
of Inspection.

Gen. William Booth, the founder of the Salvation Army, has arrived from England. He will spend four months in this country and one in Canada, inspecting the army and delivering addresses. While here he will lessen considerably the two countries' visible supply of tea and food. Those who are intimately acquainted with the venerable general and his habits declare that they know of no more inveterate tea drinker and toast eater. T. P. O'Connor recently asked the general:

"What is your chief weakness?"

GEN. WILLIAM BOOTH.
(Chief of Salvation Army, Now Visiting
the United States.)

"Tea and toast," was the laconic response.

Gen. Booth acquired this habit in his early years, when, during the course of a day's work, he would take tea and toast as a stimulant, for then, as now, he worked 14 and 16 hours a day. He has never been able to break the custom thus formed.

"Perhaps I could," he once said to a friend, "but then I'd have to break the habit of working 14 hours each day and I don't expect to do this until I die."

The general is 73 years old, but he shows no signs of breaking down. It is not an uncommon thing for him to keep six secretaries busy taking letters for an unbroken stretch of eight or ten hours.

It was while dictating to a secretary that Gen. Booth got his idea of the present name of the movement of which he is the head. At first he called it the Christian Mission. One day, as he was dictating a circular on the Christian Mission's work, he said: "The Christian Mission is a volunteer army," and wrote "salvation" above it. "The Salvation Army will be our new name," he exclaimed.

DAVID E. THOMPSON.

New Minister to Brazil Is One of the
Leading Republican Politicians
of Nebraska.

David E. Thompson, of Lincoln, Neb., nominated by the president to be minister to Brazil, has been prominent in Nebraska politics for six years. He began life as a brakeman on the Burlington & Missouri River railroad, was promoted into the mechanical department, and finally became a progressive railroad man. He is interested now largely in real estate. One of his latest enterprises is the establishment in Lincoln of an evening newspaper.

He was one of the leading figures in the triangular senatorial contest among McKeljohn, Thompson and Dietrich, which resulted in the election of Dietrich, the present senator.

DAVID E. THOMPSON.
(Appointed Minister to Brazil, to Succeed
Col. C. P. Bryan.)

It is understood that the senator is the principal sponsor of Mr. Thompson in his diplomatic application. The compensation of the post to which he is appointed is \$12,000 per annum, and while in recent years it has not been the scene of any particular diplomatic episodes, it is believed that, owing to the pending dispute between Brazil, Bolivia and Peru over the territory of Acre, the necessity in the near future of a rearrangement of tariff arrangements between Brazil and the United States, Mr. Thompson's post will offer considerable opportunities for personal distinction.

From Tree to Newspaper.

In two hours and 35 minutes a growing tree in Elsenhath, Austria, was converted into newspapers. At 7:35 a. m., the tree was sawed down; at 9:34 the wood, having been stripped of the bark, was turned into pulp and made into paper; at 10 o'clock the paper was printed and sold on the streets.

DR. PIERCE'S Favorite Prescription

"I Wrote to You For Advice."

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Dims, W. Va. "You advised me to use Doctor Pierce's Favorite Prescription and Golden Medical Discovery, which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

"I Wrote to You About My Case."

"About two years ago I was feeling very bad, could neither eat, sleep nor work. Was very nervous and all run down," writes Miss Alice Greely, of Westmoreland, N. H. "I had taken various pills and had medicines of different kinds from my home doctor, but they did me no good whatever. Finally, I wrote you about my case and you prescribed your medicine. I commenced taking Dr. Pierce's Favorite Prescription, and took six bottles, also four of the Golden Medical Discovery and four of Dr. Pierce's Pleasant Pellets; these medicines cured me and made me well and strong. I am a new person to what I was before I commenced taking the medicine. Please accept my sincere thanks for benefits I have derived from your medicine."

ANNOUNCEMENTS

We are authorized to announce
MR. W. H. C. BELL,
Of Christian County, as a candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party. Election Nov. 26th.

We are authorized to announce
R. C. CRENSHAW,
Of Christian County, as a candidate for Commissioner of Agriculture for Kentucky, subject to the action of the Democratic party. Election November, 1902.

COMMITTEE MEETING TODAY.

The Democratic Executive Committee will meet in Frankfort today to discuss the much talked of plan to call a State primary.

The only authority for taking action of any kind is embraced in section 5 of the party rules, as follows:

The State Executive Committee shall have power to determine when and where conventions to nominate candidates for State offices, and all other State conventions, shall be held and the time and manner of selecting delegates therefor; and the basis of representation shall be prepared and announced by said committee, and shall in all cases be the vote cast at the last preceding state or general election.

The last section of the law reads as follows:

"This revision of party laws shall take effect from this date, and is the entire party law in force."

No authority exists for calling a State primary. District committees are authorized to go further than the State committee. They may determine not only the "time" but the "manner" of making nominations. The committee at its meeting cannot lawfully order a primary election to nominate State officers. The nearest approach to it possible would be to order the counties to elect delegates in a primary, which could be the old-fashioned open primary, held without expense. These delegates could meet in convention and make nominations.

A convention could be called to amend the party laws and the convention could upon assembling take the matter into its own hands, prepare a platform, raise the necessary funds and direct the holding of a primary election at a later date.

But it is not proposed to adopt these methods, which would be permissible under party rules. It has been asserted in the papers and openly claimed that nine of the thirteen committeemen have been "fixed" to call a primary, law or no law, and let it be conducted by approved machine methods, for the benefit of one set of candidates constituting a "political merger" or "office-holder's trust." It was stated by one of the ring in this city Saturday that the primary election would be called beyond a doubt, that nine members had already "promised to vote for it." We have every reason to believe that this boast, like other similar ones made, was unauthorized and at least some of the committeemen are being misrepresented. We do not believe that the committee as a whole will bolt the party organization and attempt to establish machine rule in the Democratic party. It would be a fearful responsibility for any committee to assume, at a

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial. It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bunch appeared on the left side of my neck. It caused great pain, was lanced, and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since."

Hood's Sarsaparilla and Pills

will rid you of it, fully and permanently, as they have rid thousands.

time when the demand for harmony in the party is universal and the presidential election is close at hand.

The sophomores and freshmen at the Iowa State University had quite a hilarious time one night last week. The freshmen were having a swell dance in the Imperial Hotel dining room when a sophomore threw into an open window a live skunk in vigorous operation. Several parties hastily left the room. The freshmen failed to appreciate the joke, but went outside and engaged in a free-for-all fight with the sophomores. The police vainly tried to stop the fight, but it continued until there were numerous injuries on both sides. The skunk escaped.

There have been four lynchings in Indiana in the last six years. At the first of these in September 1897, near Versailles five men charged with robbery were taken from jail and hanged. At Scottsburg in 1899 a white man was lynched for shooting and wounding his wife. At Terre Haute in 1901 a negro was hanged for killing a young woman. His body was burned. The lynching at Sullivan last week of a negro ravisher makes eight victims in six years. It will be borne in mind that Indiana is north of the Ohio river.

Pete Bradley, of Hopkins county, who is a candidate for re-election as Representative, with an eye on the Speakership, is to have opposition in his own party. Robt. L. Ferguson is announced candidate for the Democratic nomination. As Hopkins county went Republican this month, when nearly all the rest of Kentucky went Democratic, the nominee will have something to do after his nomination. The party cannot afford to get into a wrangle over what may prove an empty honor.

There are about thirty-five announced candidates for the nine State offices to be filled next year and the chances are that nearly all of them will attend the committee meeting at Frankfort today. It is said a slate covering every office has been made up and that this slate will urge a primary and all other candidates will oppose it. Any action taken in opposition to the wishes of a majority of the candidates would be unprecedented and would of course cause great dissatisfaction and perhaps disrupt the party.

Gov. Durbin, of Indiana, is chewing a rag at a terrible rate because a mob lynched a negro rapist in his state the other night. He has gone so far as to suspend from office the sheriff in whose county it occurred, although 600 determined men took part in the mob. If Durbin has so much respect for law as he would have us believe, he might prove his faith by his works and surrender the Kentucky fugitives under his protection.

Ex-Senator J. T. Wilson has resigned as chairman of the Democratic Committee of Henderson county and Mr. Spaulding Trafton has been elected in his stead, an excellent selection. Mr. Trafton has been the efficient secretary of the committee for several years.

Mr. Thos. N. Arnold, of Frankfort, is the latest candidate to announce for a State office. He wants to be the Democratic nominee for Superintendent of Public Instruction. There are now four or five candidates for that office.

The directors of the Grand Trunk railway have decided to build another transcontinental railroad in Canada. It will extend from ocean to ocean and will have a mileage of about 3,000 miles.

Mr. Godfrey Hunter, Jr., son of Minister Hunter, of Gautemala, shot and killed Wm. A. Fitzgerald, an American detective in the employ of the Gautemala government, Friday at Gautemala City. There are conflicting stories as to how it occurred. Fitzgerald and the Hunters have been enemies for some time. Minister Hunter says his son and Secretary Bailey were sitting on a bench in a park when Fitzgerald attacked them, struck Hunter and snapped a pistol which failed to explode, whereupon Hunter shot and killed him. Dr. Hunter alleges a conspiracy, which he says includes Consul General McNally. The latter sends a different report, charging that Fitzgerald was exhibiting a pistol he had bought and that Hunter shot him in the back while Bailey held him up with a revolver in front. Bailey is the young Salersville Republican who ran against Sam Shackelford in 1897 for Clerk of the Court of Appeals. The Government is giving out only meager details of the affair, and one theory is that a scandal is yet to come out. Hunter, Jr., is 24 years old.

A Washington trust company has been appointed collector of the estate of the late Thos. F. Lane, son-in-law of Senator Blackburn.

Maj. Walter Reed, of the Surgeon General's department of the army, died Sunday in Washington, D. C., of appendicitis.

STRONG ELEVEN.

Much interest in the Paducah-Hopkinsville Game.

Great interest is being taken in the approaching battle on the gridiron at the West End fair grounds on Thanksgiving afternoon between the Paducah team and the South Kentucky College team of Hopkinsville.

The locals have been practicing for several days and will turn new trick, on the college boys during the contest. The Paducah club is made up of good men, who are physically able to defend their goal against the boys from up the state.

Hopkinsville comes also with a first-class eleven. A former game between these two teams resulted in a tie score of 5 to 5, so it can be seen that the clubs are evenly matched and a pretty game may be expected. Interest in football is growing locally and a big crowd will be out.

The games will be played at the fair grounds, on the La Belle park car line. An admission is to be charged. The winner gets 60 per cent and the loser 40 of the gate receipts.—News-Democrat.

LAYING OF RAILS

On T. G. Road Will be Commenced About January 1.

Work on the Hopkinsville and Clarksville division of the Tennessee Central railroad will be commenced as soon as the sub-contractors can get their outfits in shape for business. The work of laying rails on the Nashville and Clarksville division will be commenced about January 1, and it is expected that trains will be running from Clarksville to Clarksville by June 1, 1903.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. A reliable remedy has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if when the child reaches an age when it should be able to control the passage, it is yet afflicted with these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling names of Swamp Root, and all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

OPERA COMPANY

Holding the Boards for November
28th.

F. C. Whitney will present the Grace Cameron Opera Company at the Opera House on Friday, Nov. 28, in "A Normandy Wedding," a new comic opera by J. Cheever Goodwin and William Forest. This is Miss Cameron's first tour as a star, although she will be remembered as having been the leading soprano with the Bostonians for three years and was the prima donna of the "Foxy Quiller" company for the past two seasons. As Giorietta, the goose girl in "A Normandy Wedding" she has a part that calls for the exercise of the unusual dramatic ability she is said to possess, while at the same time giving her many opportunities for the display of her voice, that has been described as being of exceptional range and power and of exceeding sweetness and purity. In the company are many well known and popular comic opera players, including Harry Brown, Genevieve Reynolds, Daisy King, May Cressy, Stephen B. French, Jr., William Aerbort and Clarence Golden, together with a large chorus of pretty girls.

BOOK TRUST WINS.

Court of Appeals Affirms the Judgment of Lower Court.

Frankfort, Ky., Nov. 21.—The Court of Appeals affirmed the judgment of the Kentucky Circuit Court in the case of E. O. Mills, Superintendent of County Schools, vs. Harvey Myers, surety for American Book Company. Mills sued for forfeiture of \$10,000 bond of the Book Company on the ground that they had violated the contract by selling Guffy's readers for less price in Cincinnati than in Covington. The company alleged for answer that they sold the books to dealers and to school boards in both cities at the same price and that if Cincinnati dealers or school boards afterward sold books for less than cost it was not violation of contract which provided to sell at the lowest price. The lower court upheld the Book Company's contention and this court affirms the action.

WELL NO 1.

Shot With Thirty-five Gallons of Nitroglycerine.

Well No. 1, of the Sand Lick Development Company, about eight miles northwest of Crofton, was shot Friday afternoon. About 140 quarts of nitroglycerine were used as an explosive. The shooting of the well was witnessed by a large number of people from that section and several Hopkinsville people were also present. The Marietta Torpedo Company, of Marietta, O., did the shooting. The shock produced a good flow of gas and water and oil gushed into the air probably 300 feet. An obstruction soon formed in the well at a depth of 600 feet, more than one hundred feet above where the shot was made, and until this is drilled out and an examination made, it will be impossible to tell whether or not oil was struck in paying quantities.

At the opera house to-night the offering will be the popular production, "Uncle Josh Spruceby," and much interest is being taken in the production, as it is said to be very similar to the play, "Way Down East," which is having such a successful run in New York.

"Uncle Josh Spruceby" cannot be accused of pirating or copying any of the numerous "rural" plays that are now so successful, as it is now in its tenth season on the road. The great realistic saw mill scene in the third act is said to be one of the most realistic stage effects ever produced.

PHONE STARTS FIRE.

Young Maurice Stratton Saved
His Father's House.

Clarkeville, Tenn., Nov. 20.—A
serious conflagration was averted
this morning by the presence of
mind of Maurice, Jr., the son of M.
A. Stratton, a prominent merchant
here. Yesterday telephone employ-
ees replaced the local phone in Mr.
Stratton's residence with a long
distance instrument. The job was
not completed and several feet of
loose wire were left dangling over
the phone. This morning the wires
leading into the house were cut,
falling upon the trolley line. This
contact burned the wires from which
the telephone instrument caught
and soon the woodwork and a pair
of portieres in the hall was blazing.
Maurice, Jr., saw the blaze as he
stepped into the hall en route for
school. Seizing the portieres, he
pulled them down and threw them
out of doors.

A Violent Attack of Croup Cured.

say Elder John W. Rogers, a Chris-
tian Evangelist, of Filley, Mo. "I
gave her a few doses of Cham-

time all danger was passed and the
child recovered." This remedy not
only cures croup, but when given as
soon as the first symptoms appear,
will prevent the attack. It contains
no opium or other harmful substance
and may be given as confidently to
a baby as to an adult. For sale

FIDELITY OF HIS DOG

Saves John Schenken From Death
Near Austin, Texas.

Austin, Tex., Nov. 20.—John
Schenken, of Fredericksburg, was
saved from death early to-day by
the fidelity of his dog. Schenken
was camping in a lone spot nine-
teen miles west of Austin and early
this morning he was attacked by a
large pack of ravenous wolves. He
was overpowered by the animals
and severely bitten. Schenken's
dog came to his rescue and diverted
the attention of the wolves while his
master climbed into his wagon.
The dog was killed and eaten by
the wolves. Schenken will recover,
though severely wounded.

To The Public.

Allow me to say a few words in
praise of Chamberlain's Cough
Remedy. I can recommend it with
the utmost confidence. It has done
good work for me and will do the
same for others. I had a very se-
vere cough and cold and feared I
would get pneumonia, but after
taking the second dose of this medi-
cine I felt better, three bottles of it
cured my cold and the pains in my
chest disappeared entirely. I am
most respectfully yours for health,

Kissing Under Difficulties.

Paris has given up handshaking
and gone to kissing. It is no longer
good form to grasp a lady's hand,
and she no longer prefers it, but to
express his friendship the French-
man is called upon to perfect him-
self in a series of kisses.

These kisses are not to be given
at random, but are measured by
degrees. By the spot he kisses the
Frenchman marks the degree of
favor he believes he has attained in
the eyes of the lady. If he classes
himself as a mere acquaintance, he
must kiss only the tips of her first
and second fingers; if a friend, the
knuckles or the back of the hand;
if a good friend, the wrist; but be-
yond that point he must not go.

Now this is all very pretty, but
see what risk a man runs. How
can he read the lady's mind? Mis-
led by the warmth of his own feel-
ings, he may venture upon the
back of the hand, or even upon the
sacred precincts of the wrist, when
he should confine himself to the tips
of fingers No. 1 and 2. Imagine his
feelings, then, on a chance meeting,
should the lady exclaim, "How
dare you, sir!" or otherwise give
expression to her disapproval of his
poor judgment.

Such scenes as these are likely to
cause many heartburnings in
France. The American method of
shaking hands with everybody at
all times may be cruder and less
delicate, but it has the merit of be-
ing safer.

Best Liniment on Earth.

I. M. McHany, Greenville, Texas,
writes, Nov. 2d, 1900: "I had rheu-
matism last winter; was down in
bed six weeks; tried everything,
but got no relief, till a friend gave
me a part of a bottle of Ballard's
Snow Liniment. I used it, and got
two more bottles. It cured me and
I haven't felt any rheumatism since.
I can recommend Snow Liniment to
be the best liniment on earth for
rheumatism." For rheumatic, sci-
atic or neuralgic pains, rub in Ball-
ard's Snow Liniment, you will not
suffer long, but will be gratified
with a speedy and effective cure.

Guard your kidneys; the health
of the body depends on those small
but important organs. They ex-
tract uric acid from the blood which
it allowed to remain in the system
would cause dropsy and Bright's

strengthens the kidneys, regulates

It will prevent or cure Bright's dis-

Mexican Mustang Liniment
is excellent for Rheumatism and all deep-seated pains.

For Sprains and Strains

It is useless to apply a liniment that remains on or near
the surface. On the contrary, they require something
that goes down into the flesh where the trouble is lo-
cated. That is why

Mexican Mustang Liniment

is the best thing to use for Sprains and Strains. It pen-
etrates at once to where the injury lies, drives out the
inflammation and heals the wounded tissues and tendons.
Don't be stingy in using the liniment nor fail to rub it
in as thoroughly as the soreness will permit.

Mexican Mustang Liniment

is a good thing to have on hand when accidents happen.

VOTING CONTEST.

The Most Popular Lady In Christian
County to Be Determined By Ballot.

The Winner Will Be Awarded a Set
of Furniture worth \$100.

A VOTING contest was begun August 29, for four
months, to determine by popular vote the most
popular lady in Christian County. To the lady receiving
the highest number of votes, we will present an elegant
set of bedroom furniture, now on exhibition at Pyle &
Ganett'. It of quartered oak, of the finest make and latest
style, and is worth \$100. The contest will close at 12 o'clock,
noon, Monday, December 29, 1902. The plan will be as follows:

Every subscriber to the Kentuckian who pays back dues or
cash in advance will be entitled to cast one vote for five cents
paid. That is to say, a subscriber who pays \$2.00 will
have 40 votes, one who pays \$1.00 will have 20 votes and so on
for any amount large or small. In every paper published there
will be a coupon and these coupons when cut out and brought or
sent to the office will represent each one vote. A subscriber
will also have the privilege of gathering up coupons clipped by
friends from their papers and voting them one at a time, or by
the hundred if preferred. One will also have the privilege of
buying papers at the office at five cents each and voting the
coupons cut from them.

The coupon ballots will be deposited in a ballot box with
two keys. One of these keys will be held by County Judge W. T.
Fowler and the other by Mayor Joett Henry. The box will be
opened not oftener than once a week, all ballots then in it taken
out, counted and certified to, sealed up in an envelope and
replaced in the ballot box. The envelope will contain a state-
ment of the votes in it, so that its contents will not need to be
counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited
without showing them, so that the close of the contest may be
secret and exciting to the end.

His strawberries are also in full bloom for the second time this year. In Indiana ripe strawberries were shipped to the Chicago market Sunday. The fruit was grown in open air and is unusually fine. One grower shipped a three gallon case. Other growers near Borden, Ind., have been picking home-grown second-crop berries for a week or more.

We have heard of no second-crop fruit ripening in this section as yet.

WILL BUILD LIGHT PLANT.

Madisonville Will Solve the Light
Trouble at Last.

Madisonville, Ky., Nov. 22.—After all the scrapping between the Bailey Light and Water Company of this city and the city of Madisonville, the city has settled down to business and will carry out their threat made before the city election was held for the purpose of determining whether or not the city should own her own electric light plant. The city now proposes to erect a small plant of its own for furnishing the business houses with incandescent lights, and will not let the contract to any company, which will no doubt force the Bailey Light and Water Company out of business.

CHAMPIONSHIP

Won by Hopkinsville Fiddlers in
Contest With Tennessee.Little Variety Given the Regular
Program by Buck and Wing
Dancing.

The Hopkinsville troupe won the championship in the contest between old time fiddlers of Kentucky and Tennessee at the Tabernacle Auditorium in Nashville Friday night. The program was lengthy, and as the contest was late in beginning, several single hand numbers had to be omitted. The Nashville News, in giving an account of the affair, says in part:

"The championship between the old time fiddlers of Tennessee and Kentucky was held last night at the Tabernacle, and at a late hour the judges rendered their decision in favor of the men from across the border. The contest was an hour late in beginning, and it consequently time was not left in which to complete the program. About 1,200 people were present to enjoy the contest.

From a fiddling standpoint the meeting of the Kentucky and Tennessee fiddlers was decidedly a success. The best players in each state were present. There were about forty entries and the Kentucky and Tennessee performers were seated on either side of the platform. Tennessee players outnumbered those from the Blue Grass about three to one. In the large number of fiddlers there were few under 50 years of age, and many were white-haired old men tottering with age.

The contest of troupes was the first thing on the program, and four entries participated. The 'Big Nine' organization of prominent Hopkinsville business men were the first performers. The 'Big Nine' was composed of T. E. Bartley, of the HOPKINSVILLE KENTUCKIAN; W. F. Randle, J. G. Hord, J. N. Sisk, Dr. R. E. Bourne, J. M. Starling, Circuit Court Clerk; John M. Morris, Judge M. D. Brown and R. H. Huggins. Every man in the club was a skilled fiddler, and the organization was the day for Kentucky. At every appearance they were applauded. Among the selections they rendered in the course of the evening were 'Porked Ear,' 'Arkansas Traveler,' 'Downfall of Paris,' 'Ricket's Hornpipe' and 'Natchez Under the Hills.'

A little variety was given the regular program by the buck and wing dancing of R. H. Huggins, of Hopkinsville, and W. D. Moss, of Noonanville, Tenn.

In the individual contests there were twenty-seven entries.

The judges after some deliberation awarded both the troupe and individual prizes to Kentucky. The 'Big Nine' won the troupe championship and W. F. Randle, of Hopkinsville, was given first honor for his playing. The judges were Jere Tobin, Judge S. F. Wilson, J. H. Edmundson, Frank Freeman and J. T. Jones."

Died of Pneumonia.

Lafayette, Ky., Nov. 19.—Died, of pneumonia, yesterday evening at 7:15 o'clock, little Powell C., son of Mr. R. S. Wootton, of this place. He was an exceedingly bright and handsome little fellow, about one year old and was the idol of his doting parents, who have the sympathy of the entire community in this hour of bereavement.

The interment took place this afternoon at 3:30 o'clock in Lafayette cemetery.

There is only one source of comfort and consolation, dear parents, in such deep afflictions as this and that source is in Him who said, "Suffer little children to come unto me and forbid them not for of such is the kingdom of heaven." C.
